

APPLICATION PROCESS

1. Home buyer contacts a Take Credit Participating Lender. A list of lenders is available at IowaFinanceAuthority.gov/Take Credit.
2. Lender collects all eligibility verifications, makes a reservation in IFA's online lender portal and submits the required eligibility documents to IFA for review.*
3. Once IFA has determined preliminary eligibility and prior to closing, the lender must obtain a Notice of Commitment from IFA.
4. Upon loan closing, the lender uploads final eligibility documents to IFA. IFA confirms eligibility and sends the MCC to the home buyer after closing.
5. Homeowner uses the MCC at tax time to claim the credit.

* A borrower application fee of \$300 must be paid at the time of request if the applicant is not using an IFA mortgage. No application fee is required with an IFA mortgage.

QUICK FACTS

- + Homeowner must have a tax liability to use the credit.
- + For homeowners without a tax liability in a given year, the credit can be carried forward for up to three years.
- + The MCC may be reissued upon refinance and may be transferable upon sale under certain conditions if reissued by IFA in accordance with program requirements.
- + Funding for the program is limited. The 2015 allocation is sufficient to issue MCCs for mortgages totaling \$42 million. The MCCs will be provided on a first-come, first-served basis.
